

CypherWorx Celebrates Relocation and Expansion

On Wednesday, July 19th, 2017, from 3pm-6pm, CypherWorx celebrated the relocation of their facilities with a ribbon-cutting ceremony and open house at the company's new offices, located at 130 Andrews Street, Rochester, NY. Buckingham Properties, the owners and developers of the facility, joined in the celebration. The ceremony began at 3:30pm, with opening comments from CypherWorx CEO Paul Cypher, Rochester Mayor Lovely Warren, Monroe County Executive Cheryl Dinolfo, and other NYS representatives. An open house followed the ceremony, from 4pm-6pm. Attendees joined the CypherWorx staff for office tours and refreshments.

This ceremony was a celebration of growth and achievement. The relocation provides opportunities for expansion and elevated performance, as the company continues to provide Learning Content Management Systems, instructional design services, and credential and certificate programs for organizations in fields including K-12, universities, child care, fire and emergency medical, cultural, social service, and small business.
