

**FOR IMMEDIATE RELEASE:****CypherWorx, Inc. Becomes Accredited Provider of IACET CEUs**

**ROCHESTER, N.Y., January 19, 2015** – The International Association for Continuing Education and Training (IACET) has awarded CypherWorx, Inc. the prestigious Accredited Provider status. IACET Accredited Providers are the only organizations approved to offer IACET Continuing Education Units (CEUs). The recognition period extends for five years and includes all programs ordered or created during that time.

“Our new partnership with IACET is a demonstration of our commitment to lifelong learning and high standards for all of our programs, and we are very pleased to join such a prestigious organization as well as an elite group of organizations that offer excellent continuing education and training programs.” – Paul Cypher, Founder and CEO of CypherWorx.

“We are pleased to establish our relationship with CypherWorx as an Accredited Provider,” stated Sandra L. Williams, PhD, president of IACET and assistant professor and consultant at Northeastern Illinois University in Chicago, IL. Williams added, “CypherWorx joins nearly 500 organizations around the globe that have had their programs vetted by third-party experts in continuing education to ensure the highest possible standards are met.”

In order to achieve Accredited Provider status, CypherWorx completed a rigorous application process, including a review by an IACET site visitor, and successfully demonstrated adherence to the ANSI/IACET 1-2007 Standard which addresses the design, development, administration, and evaluation of its programs. CypherWorx has pledged its continued compliance with the Standard, and is now authorized to use the IACET name and Accredited Provider logo on promotional course material. In addition, CypherWorx is now linked to the IACET web site and is recognized as offering the highest quality continuing education and training programs.

As the official standard for continuing education and training (CE/T), IACET Continuing Education Units (CEUs) are recognized by a wide range of organizations, including professional associations, regulatory boards, corporations and universities.
