CYPHERWORX

Pittsford Central School Paraprofessional Efficacy Study

+23.2

71.1 — Pre-test
94.3 — Post-test

Objective: Administer the online course "Building Relationships with Students" to a group of paraprofessionals, aiming to assess the effectiveness and impact of the newly implemented paraprofessional training program.

Results proved the effectiveness of the CypherWorx paraprofessional online learning programs with higher average scores among learners!

100% of participants said they want more training like this!

A+

Knowledge gains regardless of:

- ☑ Age
- ☑ Computer Skills
